San Diego Habitat for Humanity ReStores are home improvement retail stores and donation centers that sell new and gently-used furniture, appliances, building materials, and more. Revenue from the sale of donated items from individuals and companies supports San Diego Habitat for Humanity's mission of building and repairing homes in partnership with local families. It also keeps good, reusable items out of landfills. With a few exceptions, we look for items that you can find at a "big box" home improvement or home furnishing store.

ALL ITEMS WE ACCEPT MUST BE:

- **Reusable:** Must be made for use in residential or light commercial construction, improvement, maintenance, or furnishing
- **Structurally Sound + Complete:** Must be complete, intact, sturdy, and free of major damage
- **Functional:** Must be able to do what it was made to do and needs to be ready to work "right off the shelf" without repair
- **Cosmetically Appealing:** Must be appealing for reuse "as is" and stain-free in another person's home – something you'd give to friends or family
- **Sellable:** Our trained staff must determine that the item will sell in our store. We apologize if we cannot accept all the items you wish to donate.
